Water Meter Usage Agreement

The undersigned hereby applies to have water made available from a fire hydrant for commercial or personal use. The Water District shall provide an employee to properly connect the meter with backflow prevention methods, provide water, disconnect the meter, and other incidental work to assure compliance with LAC Title 51. Fees incurred shall be paid in person at the Water Department, or may be added to the undersigned existing billing account if such exists. Rates below are based on a one time 3-hour call out and a full day 8-hour call out. If more than a three hour "One Trip" call-out is required, the "All day" rate will be applied. Each hour required over the 8-hour "All day" call-out will be applied at an additional \$60 per hour. Normal water usage rates apply in addition to the fee rates below.
